REASONS FOR REQUEST FOR PRE-APPEAL BRIEF REVIEW

Commissioner for Patents
P.O. Box 1450

Sir:

Background

An Amendment in response to the final Office Action was filed on June 4, 2007, and the Advisory Action dated June 15, 2007 indicated that such Amendment will be entered for the purpose of appeal and claims 6-16 are allowed. Applicant's representative, Mr. Robert J. Webster, also discussed the status with Examiner Cho on June 17, 2007. As a result, claims 1-17 are pending where only claims 1-5 and 17 remain rejected under 35 USC §101. No other issues appear to be present.

Rejection Under 35 U.S.C. § 101

Claims 1-5 and 17-22 stand rejected under 35 USC § 101 as being directed to data structures, which is alleged to be non-statutory subject matter.

First, this rejection is moot with respect to cancelled claims 18-22.

Regarding claims 1-5, these claims recite a "cable network" including a device such as "a cable modem" and thus do not recite a data structure, *per se*. Claims 1-5 further recite features that produce concrete, tangible and useful results such as "to initialize payload header suppression". Claim 17 positively recite a method with specific features and steps that produce concrete, tangible and useful results such as "to initialize payload header suppression".

Clearly claims 1-5 and 17 are directed to statutory subject matter such as a device/system (cable network) and a method including various concrete steps. Thus, reconsideration and withdrawal of this rejection are respectfully requested.

Conclusion

If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone Robert J. Webster, Registration No. 46472, at (703) 205-8000, in the Washington, D.C. area.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.
